Choosing the Right Itinerary

Chapter 4 – Mediterranean Cruises

A Mediterranean cruise combines history, culture, breathtaking coastlines, and incredible cuisine into one unforgettable vacation. It's an excellent choice for travelers who enjoy exploring iconic cities and experiencing a different destination almost every day.

■■ Historic Cities

Visit world-famous destinations such as Rome, Athens, Barcelona, Dubrovnik, Venice, and Florence. Many ports serve as gateways to UNESCO World Heritage Sites and centuries of history.

■ Food & Culture

From authentic Italian pasta and Greek cuisine to Spanish tapas and fresh seafood, the Mediterranean is a paradise for food lovers. Every port offers its own unique traditions and flavors.

■ Popular Ports

Mediterranean itineraries often include ports in Italy, Greece, Spain, France, Croatia, Montenegro, and Turkey. Each region has its own culture, architecture, and unforgettable scenery.

■ Be Prepared to Explore

Many European ports involve walking on cobblestone streets, climbing steps, and touring historic sites. Comfortable walking shoes and a moderate activity level will help you make the most of your vacation.

■ Aimee's Travel Tip

If you're traveling all the way to Europe, consider arriving a day or two before your cruise or staying afterward. It helps with jet lag and gives you extra time to enjoy one of the world's most fascinating regions.
